

RESTART

FOR TEAM LEADERS

CRITICAL QUESTIONS

- Are you ready for the restart as a Team Leader?
- Is your team ready for the restart?

“Our field leaders are the critical levers, in our ability to execute our strategy and deliver our performance goals.”

This is a common statement and recognised truth in ‘normal times’, it could not be more critical in these times of crisis, changes and new ways of working, as we move towards the ‘restart’!

- How to prioritise clearly my own and my team’s focus?

- How do I engage and motivate my team in this working environment?
- What is the appropriate approach to managing individual and team performance?
- How can I effectively coach and develop my team now?
- How can I ensure our team environment is built around helpful pressure to perform?
